

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a disgrace.

Sinclair uses the public airwaves free of charge and is responsible to the citizens of this country to display non-biased programming. If they want to show their documentary in a theater and charge people to go see it, fine. But, it should not be allowed to be shown on our free airwaves.

Sinclair's actions show how despicable corporate media giants can be. If they really cared about their viewers they would show programming that is not so one-sided.
